THE GREEN PILL

FREEDOM PROTOCOL 2020 | NEW TEMPLARS | YEAR 32

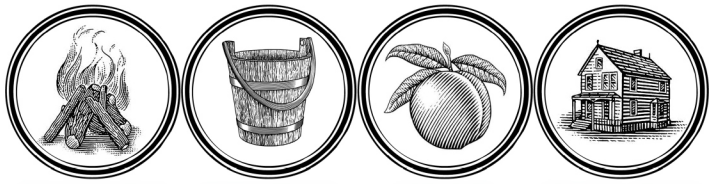
HONESTLY LOOK AT YOURSELF, YOUR STRENGTHS AND WEAKNESSES. DISCOVER WHAT IN YOUR LIFE IS NOT WORKING. WORK ON, OR MODERATE THE WEAKNESSES. SEEK THE COUNSEL OF OTHERS YOU TRUST. SEEK WISE AND GODLY COUNSEL OF PERSONS WHOSE LIFE IS WORKING WELL. FIND LIKE-MINDED PEOPLE WHO UNDERSTAND WHERE THIS COUNTRY IS GOING, WHO HAVE THE INSTINCTS FOR SURVIVAL, AND WHO ARE TAKING STEPS TO GET PREPARED FOR THE DIFFICULT TIMES WHICH LIE AHEAD.

Urban lifestyles are in decline. If a family can live in a more rural or country setting, not only can they lower the risk from crime, but they can live a far more basic, self-sufficient lifestyle. Some must work in the city, but they can live out in the country and commute to work if they choose. Not only is it a more basic, self-sufficient lifestyle, it will prove to be far safer in the event of periods of crisis.



If you must live in the city and have relatives in rural areas - work out a coalition plan wherein you can contribute to the size of the dwelling and storage facilities and supplies against the day of emergency. Arrange now for a place of retreat so that plans and supplies are suitable to include you. Find alternate methods of doing everything. Live below your means and eliminate waste.
